Jerusalem Lutheran Church

**2966 Ebenezer Road, Rincon, GA 31326
(912) 754-3915**

Jerusalem Lutheran Church was organized in Augsburg, Germany, in 1733 with the Reverend John Martin Bolzius and the Reverend Israel Christian Gronau as the pastors. The members had been exiled from their homes in Salzburg, Austria, and were looking for a place to live and worship. In England the Society for Promoting Christian Knowledge sponsored their passage to the new world. The first ship arrived in Savannah on March 12, 1734. The settlers founded the town of Ebenezer on Ebenezer Creek in what is now Effingham County.

Life was so hard and so many died the Salzburger asked General Oglethorpe to let them move to the present site of New Ebenezer on the Savannah River in 1736.

The first Sunday School in Georgia was held in 1734 and the first orphanage was built in 1737. The church was built from bricks made of clay from the area from 1767 to 1769. The walls of the church are 21 inches thick and some of the original panes of glass are still in the windows. The bells were brought from Europe and are still rung before each service.

Jerusalem is a member of the Evangelical Lutheran Church in America and has both Sunday School and Worship Service each week. Sunday School is 9:45 and the Church Service is at 11:00 a.m. You are invited to come and worship with us at any time.

Welcome to our Web Page. St. John's Lutheran Church was organized in 1895 by families of the Salzburg heritage who had come to Effingham County as early as 1734. We are a congregation who cherishes our history while we have a passionate desire to be faithful to our gracious Lord in the present. St. John's is a warm welcoming people who are reaching out to new people with the love and mercy of Jesus Christ.

We would be very pleased to have you come worship with us. Our Sunday School begins at 9:45 a.m. in the Fellowship Hall with an assembly for children, youth, and adults, followed by classes for all ages. Our Worship Service begins at 11:00 a.m. and Holy Communion, which is open to all baptized Christians who normally commune in their own churches. Holy Communion is celebrated each Sunday. Our nursery is open for little children. We are located about 22 miles from downtown Savannah, Georgia, in the fast-growing town of Rincon. The church is six miles northwest of Exit 19 on I-95 on Highway 21. Look for the red doors and white steeple.

In addition St. John's has a rather simple but active schedule. We have a growing youth group for Middle and High School youth, Confirmation classes for 7th and 8th graders, First Communion Instruction for 5th and 6th graders and a Children's Ministry for children, kindergarten through 5th grade. Each Wednesday evening we have dinner together at the church at 6:30 p.m. for fellowship

St. John's has three stated emphases for 1998:

1. Strengthen our Sunday School.
2. Enhance our ministry to and with children and youth.
3. Place a high priority on inviting and welcoming new people to our fellowship

As Lutherans we historically have placed heavy emphasis on Biblical Theology, Worship, and Education. The center of our life and worship is Jesus Christ, our Lord.

Come worship with us soon!

Faith Presbyterian Church

Greetings from your friends at Faith Presbyterian Church (U.S.A.) of Effingham County, Georgia! We welcome all to worship with us! If you are not active in a church home in this community, we invite you to consider joining our fellowship and sharing in this ministry of Christ here. Our prayer is that all who worship God in this place are enriched and blessed by God.

Mission Statement:

To know Jesus Christ as Lord and Savior and to actively make Him known to others through our faithful worship, study, prayer, fellowship and service. Together we strive to bring others to a knowledge of the one triune God. Together we strive to make disciples, to baptize and to teach others to faithfully obey the Word of God, remembering that Christ is with us even to the end of the age. It is in this way we are called to be faithful followers of our Lord Jesus Christ.

Hours of Worship:

- Worship - 10:30am

A PLACE OF REJOICING

Rejoice in the Lord always.

I will say it again: Rejoice!

Let your gentleness be evident to all.

The Lord is near.

Do not be anxious about anything,

but in everything,

by prayer and petition,

with thanksgiving,

present your requests to God.

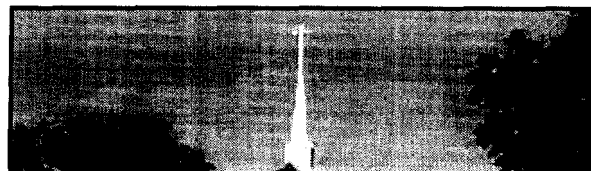

And the peace of God,

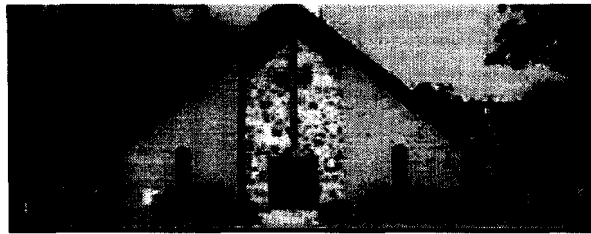

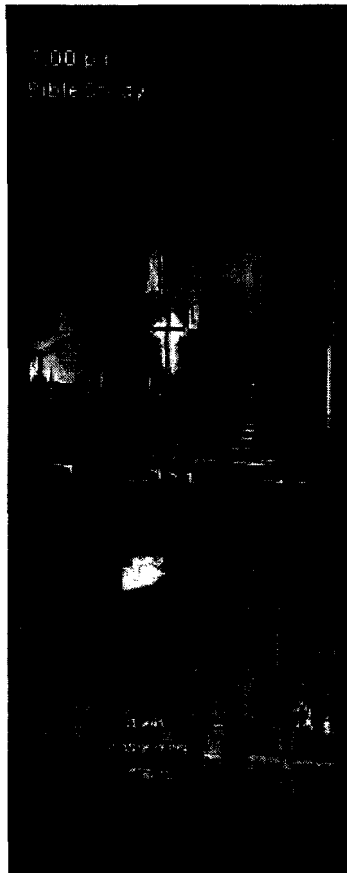

which transcends all understanding,

will guard your hearts and your minds

in Christ Jesus.

COMMENTS AND COUNTERPROPOSAL
MM DOCKET #01-123
RADIO STATESBORO, INC.
RE-ALLOT CHANNEL 261C1
RINCON, GEORGIA
July 2001

TECHNICAL STATEMENT

1. This technical statement and attached exhibits have been prepared on behalf of Radio Statesboro, Inc. ("RSI"), licensee of WMCD, Channel 261C2, Statesboro, Georgia. These comments are submitted in response to a Notice of Proposed Rule Making, MM Docket #01-123. In this instant matter, Bernice P. Hedrick ("Hedrick") has requested that Channel 262A be allotted to Darien, Georgia, as that community's second local service. RSI herein submits a counterproposal and requests that, in lieu of the proposed allotment at Darien, Georgia, Channel 261C1 be substituted for Channel 261C2 at Statesboro, Georgia and, further, that the channel be re-allotted to Rincon, Georgia. The proposed allotment to Rincon is mutually exclusive with the present WMCD allotment at Statesboro, Georgia.

DISCUSSION

2. The community of Rincon, Georgia, is located in eastern Effingham County, Georgia, with a population of 4,376 persons.¹ Rincon has a Mayor and six member town council. The city of Rincon provides water and sewer services to its residents. The city has a twelve officer Police Force, as well as volunteer Fire Department. There are numerous business, churches and

1) 2000 U.S. Census.

residential areas in Rincon. Rincon presently has no licensed AM or FM services. Further, Rincon is not located in any Urbanized areas and is designated as a city, as defined by the U.S. Census of Georgia.

PROPOSAL

3. Channel 261C1 can be allotted to Rincon, Georgia, with a site restriction of 47.2 kilometers southwest of the community to avoid shortspacing WJZX, Channel 259C, Port Royal, South Carolina; WORG, Channel 262C3, Orangeburg, South Carolina; WYFS, Channel 208C1, Savannah, Georgia; and WSCQ, Channel 261A, West Columbia, South Carolina. The reference site for the proposed allotment of Channel 261C1 at Rincon, Georgia, is North Latitude 32° 08' 35" and West Longitude 81° 42' 14".

4. Attached as Exhibit #1 is a map depicting the area to locate Channel 261C1, to be licensed to Rincon, Georgia. Further, attached as Exhibit #2 is a §73.207 spacing study demonstrating that Channel 261C1 meets the Commission's minimum distance separation requirements to all licensed, applied for or proposed facilities, with the exception of the proposed allotment at Darien, Georgia.² From the proposed reference site, a theoretical 3.16 mV/m (70 dBu) signal will be provided over Rincon.³

2) It is noted that there is a proposed allotment for Channel 260A at Screven, Georgia, proposed by International Systems Corp., which is not yet the subject of a Notice of Proposed Rule Making. The proposed Rincon allotment is mutually exclusive with the requested Screven request.

3) Based on uniform terrain.

5. Therefore, RSI herein requests the following changes in §73.202 of the Commission's rules.

Rincon, Georgia

Present	Proposed
None	261C1

Statesboro, Georgia

Present	Proposed
261C2, 275C3	275C3 ⁴

Darien, Georgia

Present	Proposed
299C2	299C2

PUBLIC INTEREST

6. The allotment of Channel 261C1 to Rincon, Georgia, will provide that community with its first locally licensable FM channel, without depriving Statesboro of its only local service, since two FM stations (one commercial, one non-commercial) and two full time AM stations will remain licensed to Statesboro. A relocated WMCD, operating on Channel 261C1 at Rincon, Georgia, will provide 60 dBu (1.0 mV/m) service to 551,726 persons in 16,422.1 square kilometers.⁵ This reflects an increase of 438,570 persons in 10,809.2 square kilometers over its

4) In addition, non-commercial station WVGS, Channel 220A, and full-time AM stations WPTB, 850 kHz, and WWNS, 1240 kHz, will remain licensed to Statesboro, Georgia.

5) It is noted that no white (first aural) or gray (second aural) service will be created as a result of the removal of Channel 261C2 from Statesboro.

presently licensed facilities at Statesboro.⁶ By comparison, the proposed Class A service at Darien, Georgia,⁷ would provide service to only 38,504 persons in 2,516.1 square kilometers.⁸

As denoted above, Rincon is not located in any urbanized area. However, it is near the Savannah, Georgia, urbanized area. The proposed 70 dBu contour of the proposed Channel 261C1 will not provide service to more than 50% of the urbanized area. In fact, as demonstrated on Exhibit #4, WMCD, operating on Channel 261C1 at Rincon, will provide service to only 29.6% of the Savannah urbanized area.⁹

7. Once Channel 261C1 is allotted to Rincon, Georgia, RSI will submit the required minor change application for construction permit (FCC Form 301) seeking authority to make the changes to the facilities of WMCD.

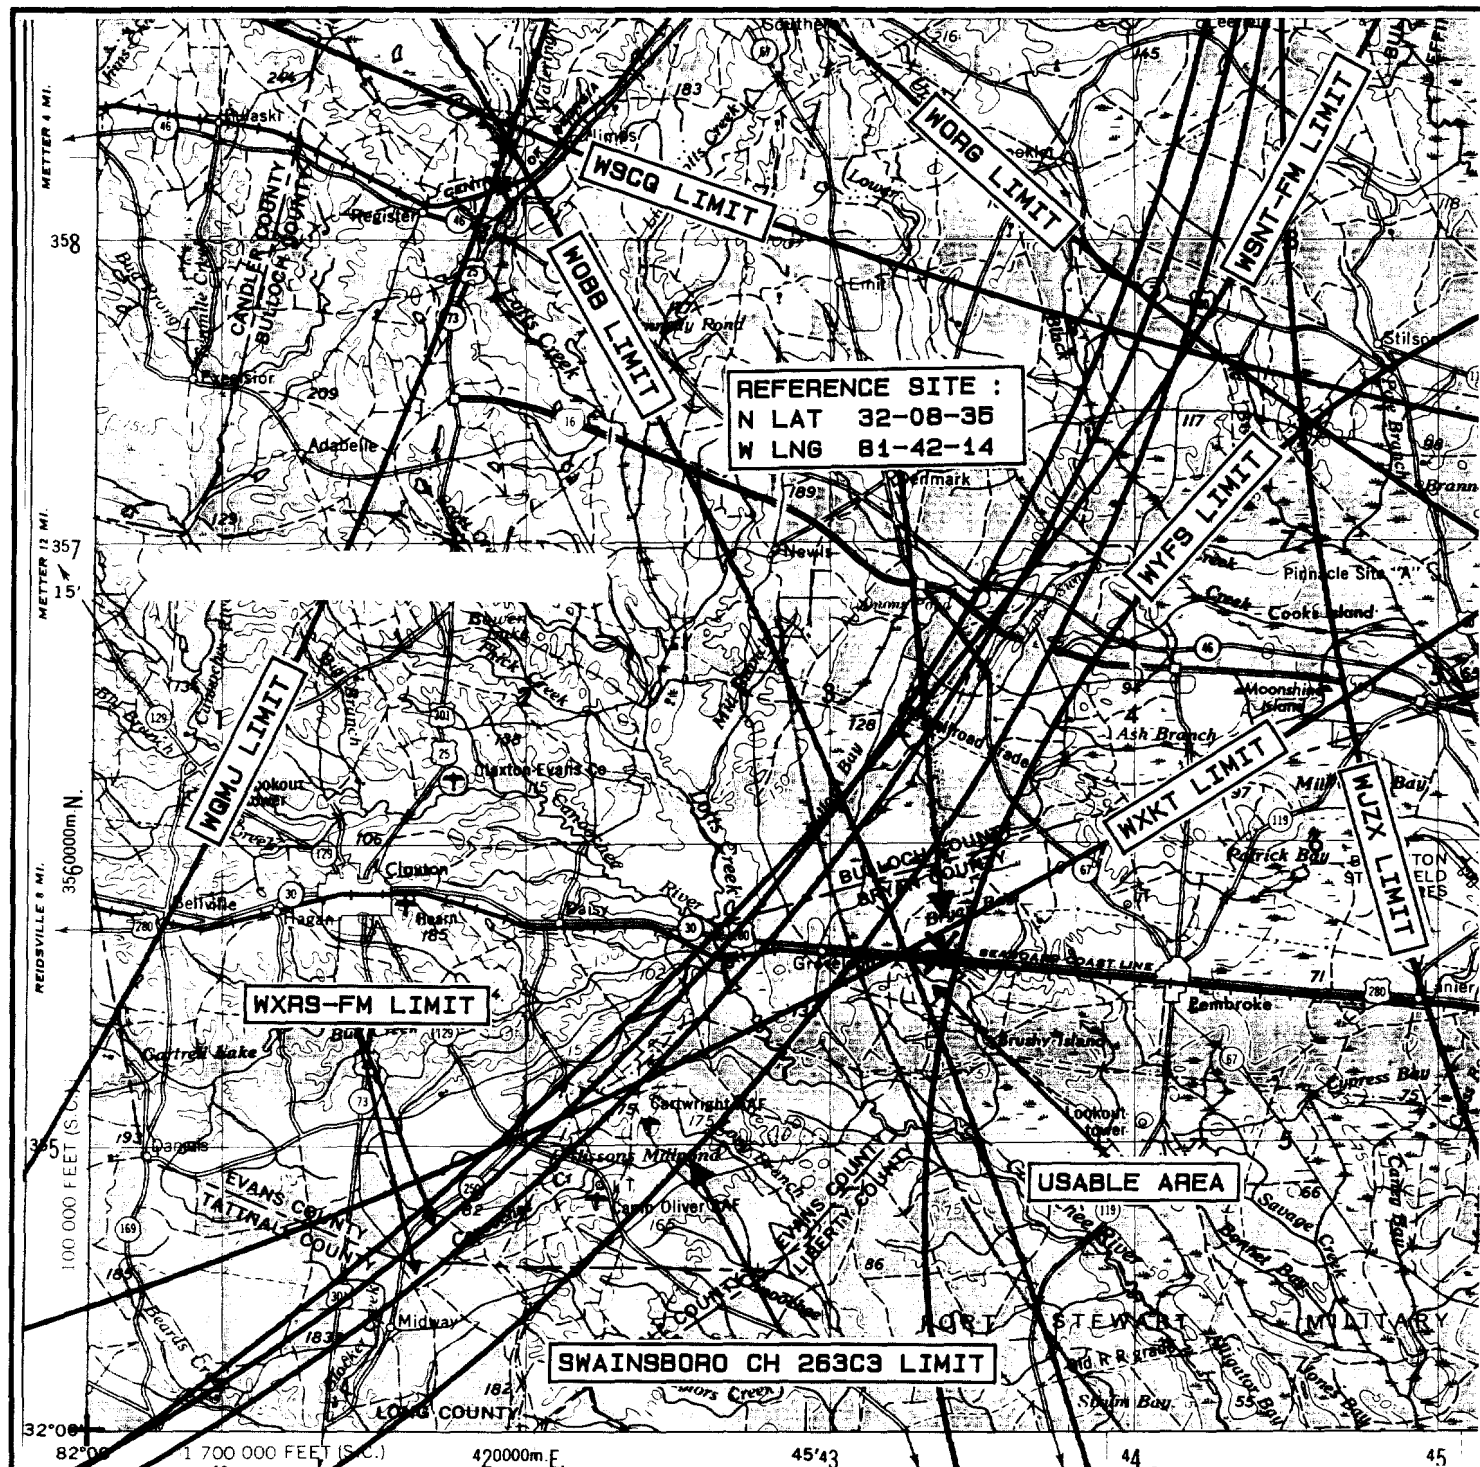

8. The foregoing technical statement was prepared on behalf of Radio Statesboro, Inc., by Graham Brock, Inc., its Technical Consultants. All data related to FM facilities was extracted from the CDBS database, all population data from the PL 94-171 files (2000 Census). We assume no liability for errors or omissions in those databases that may be adverse to the requests contained herein.

6) The present WMCD licensed facility provides service to 118,687 persons in 5,869.6 square kilometers. There is a small area of loss to 5,531 persons in 256.7 square kilometers. However, no white or gray area will be created as a result of the WMCD move.

7) It is noted that the proposed reference site for Channel 262A at Darien, Georgia is located in a Tidal Marsh and is not suited for tower construction. See Exhibit #4 for details.

8) Further, the proposed Channel 260A at Screven, Georgia would provide service to 33,930 persons in 2,516.1 square kilometers.
